論文

...
Dear Householder,

We recently sent you a census questionnaire and asked you to complete it on 27 March 2011, or as soon as possible afterwards. Please ensure that you return your completed questionnaire either by post, in the envelope provided, or online at www.census.gov.uk using the internet access code on the front of the printed questionnaire.

Census information is important and is used to help plan and fund the services that you, your family and your community will need in the years ahead. Census statistics will describe your area and highlight local need for services like schools, public transport and hospitals.

Your responses are confidential and are kept in confidence for 100 years.

For help with completing your census questionnaire or if you require a replacement, please use the census online help at www.census.gov.uk

Alternatively contact the census helpline 0300 200 301 10

Completion and return of the census questionnaire is a legal requirement under the Census Act 1920, the Census (England and Wales) Order 2009, the Census (England) Regulations 2010, and the Census (Wales) Regulations 2010.

If you have already completed and returned your census questionnaire within the last few days, please ignore this letter.

Yours faithfully,

Glen Watson
2011 Census Director
Office for National Statistics

Before you start

Who should complete this questionnaire?

The Household is the person or persons who live at the address who:

- owns or is jointly owned by the accommodation and
- is responsible for paying the household bills and expenses

A household is:

- one person living alone;
- a group of people (not necessarily related) living at the same address who share cooking facilities and have a common living area.

What should you complete on this questionnaire?

- Household questions on page 3-4 about this household and its accommodation
- Individual questions on pages 5-26 for every person usually living in this household

It is important to include everyone staying overnight in this household. If you do not know their individual questions (1-43)

If there is more than one household at this address, contact us to request one or more additional Household Questionnaires.

You can request extra questionnaires online at www.census.gov.uk or by calling 0300 200 301 10.

Will you need extra questionnaires?

- If you have more than 16 people in this household, or if there are more than three visitors staying overnight, you may need to complete extra questionnaires online, or fill in this questionnaire and contact us to receive more questionnaires.

This questionnaire will be scanned by a computer.

You should:

- use black or blue ink to answer;
- fill in answers in the spaces provided;
- ensure you have completed all the boxes;
- continue onto the next line if possible when content will not fit within the box provided;
- follow the instructions on the back page to scan the questionnaire.

Help is available in large print and Braille.
